Procedures MailChimp Find Your Sent Email Archive

Each time you send a campaign, we create a browserbased copy of it that you can share around the web. For each list in your account, we compile links to the campaigns sent to that list and display them on your email campaign archive page.

In this article, you'll learn how to find and share your email campaign archive, and individual campaign pages.

Your email campaign archive is a free, sharable landing page that displays links to your list's 20 most recent campaigns.

Step 1:

Lists Navigate to the Lists page.

Step 2:

Signup Forms

Click the drop-down menu for the list you want to work with, and choose **Signup forms**.
